

"Blessed are the people who know the festal shout, who walk, O LORD, in the light of your face, who exult in your name all day and in your righteousness are exalted. For you are the glory of their strength; by your favor our horn is exalted"

Psalm 89:15-17

Our youth group.

Wedding, wedding. One of our leaders, Natasha, got married. Joyful moment for our whole team.

Ukrainians, Czechs, Slovak and one Polish guy :) International team. God gave us opportunity to participate in European mini-camp in school number 4 in Rivne. It's really incredible, the way in which people of four different nations, close in terms of history and culture can serve to children and teens together.

For me, personally, this camp was a huge blessing, meeting new people, getting new dreams... This year we'll have one more opportunity to serve and work together in European camps in Rivne and Ternopil

European camp in school number 4 in Rivne.

During few months of studying in UBTS (Ukrainian Baptist Theological Seminary) in Lviv. On our last session we had a really blessed time with Randy Marshall. Seventy years old organizer of new churches all around the world. He shared his view, dreams and, last but not least, more than thirty five years of working experience. I'm also grateful to God for my group. On each session I was able to adopt lots of new things from them and we had opportunity to share experience, our sensations and love to people and Jesus. Thanks to them I'm having an express course of Russian language :) Almost everybody speaks this language.

Our youth group keeps on growing :))) We have great joy watching young people listen to Gods word and are getting to know Jesus better. God also gave us two new leaders – Ann and Diana, who are coming from Kovel and are currently studying in Rivne. Team of leaders is doing a huge job, they are starting to take responsibility for whole youth group. I thank God for Tolik, Pasha and Vova. I'm thankful for being able to see their changes and their open hearts for youth from Orzhiv.

Last month I had a huge privilege of visiting few places in Great Britain. Together with Malcolm Clegg we told people about the state of missionary field in Europe and Central Asia. We had opportunity to tell about huge God deeds that Lord has done for our service in Orzhiv. We hope that we could inspire and encourage people for service and mission. We've visited London, Reading, Cardiff, Swansea, Sheffield, Leicester, Gloucester, Derby and Edinburgh. We've been driving by car for over four thousand kilometers, it's an exhausting way, but it's really blessed way. I wanted to thank everybody for a great time, great conversations and hospitality.

When Bartek was in Great Britain me and Ines had an opportunity to invite a girl from our youth group to live with us for few days. It was a great time, when we could laugh a lot, joke, but we also could discuss really important questions, get to knowing God better.

Ternopil' is our second home :))) We love those people and we are really grateful to God for opportunity to server them with our natural abilities. Zhanna conducts sewing lessons, and non-believing women are coming to those lessons. Those women originate from east of Ukraine and were forced to leave their houses when war started. And I'm conducting Polish language lessons. For each our trip to Ternopil' we are taking few young people from Orzhiv so that we can have opportunity to build relationships with other young people, to see how other communities are working.

Pre-camp conference by Josiah Venture in Lviv.

[ We are slowly finishing reparation of our youth room. We are really thankful to God for every person that helped us during this time. We hope that in two-three weeks we'll be able to start having our meetings in here.
